Original Cotton Standard End 12115
The product that started it all. After 30 years, still made in Hurricane, Utah. 100% Comfortable Cotton. Fits a wide variety of frames.

Neoprene Classic Quick Drying 12128
Trim low profile water resistant neoprene retainer that has been a favorite of river runners and watermen for decades. Lock stitched end slip over all frame paddles and can be slid up the temple for a tighter fit. An industry standard for decades, the Neoprene Classic is quick-drying, comfortable, durable, lightweight and easily adjustable.

Universal Fit 3mm Rope 12103
Dome area: .45” square
Field tested retainers guaranteed to keep your glasses in place. Chums’ patented Universal Fit tips are molded directly to the cord and will accommodate a wide variety of eyeglass frames. Nylon 3mm cord utilizes perlon climbing rope construction giving it strength, durability and a style. Adjustable slider bead for supreb fit.

Slip Fit 3mm Rope 12121
Dome area: .45” square
Streamlined forward-mount retainer. Rubber tip is molded to durable 3 mm perlon cord for strength and durability. Rubber bead cinches the retainer down for security or adjusts the length of drape when hanging from the neck. A trim light retainer for those preferring a temple attachment.

Neoprene Retainer Colors

Cotton Retainer Colors

Rope Colors
